

MakeMaya

(Service and Product based company)

(<http://makemaya.com/>)

Full Service Website Composing Agency. Our team develops effective content strategies for forward thinking companies. We have a proven track record in increasing web serving.

MakeMaya gives you the opportunity to promote your company, your products and your services on a worldwide basis through your own website. We are here to help you accomplish this.

We offer affordable website and App design and development services for individuals and small businesses by ascertaining your target market and evaluating your particular website needs.

MakeMaya is working on its own products to stimulate and resolve real life problems.

(We are not discussing the products here due to company policies)
