# ABOUT US!

---

**Full Service Website Composing Agency. Our team develops effective content strategies for forward thinking companies. We have a proven track record in increasing web serving.**

# WHAT WE DO!

---

The MakeMaya gives you the opportunity to promote your company, your products and your services on a worldwide basis through your own website. We are here to help you accomplish this.

**We offer affordable website design and development services for individuals and small businesses by ascertaining your target market and evaluating your particular website needs.**

# MISSION AND VISION!

---

**It is the mission of MakeMaya to create Websites/App to:**

- Bring customers to your door
- Maximize your visibility
- Ensure that you are found on the Information Superhighway.
- Reflect the personality of your business
- Work as an around-the-clock employee for you
- Provide product and company information to your customers
- Market yourself and your business online

# WHY WINNERS HAVE WEBSITES!

---

- **As a 24/7 employee your website works, even if you don't.**
  - **Websites increase referrals because information gets forwarded on without even asking.**
  - **A website turns contacts into prospects and vice versa, because some people are more comfortable contacting you online rather than calling you. Inviting contacts to your website will get them to know you better.**
  - **A good website will create the right first impression since people will “know” you before they know you.**
- 

# WHY MAKEMAYA

---

**We take pleasure and pride in solving technical and creative challenges and we bring the best quality and value to our customers.**

**A good website acts as a powerful advertising tool. Your customers use it to know you before they know you. Don't become road kill on the Information Superhighway --- use MakeMaya to create a website that works for you.**

**We create websites that work for you and with you.**
